Dog Grooming

Drop Off

Please ensure you have your pet to us by your booked appointment time. If you are more than 10 minutes late we will need to reschedule your appointment and you will incur a \$27 late/no show fee.

Pick Up

One of our friendly staff members will give you a call as soon as your pet is ready to pick up. This prevents owners having to wait unnecessarily should the stylist have particularly difficult or large grooms that day. Pick up will usually be within 2-3 hours of drop off. We do NOT guarantee a pick up time. If you need a guaranteed time, please speak with the stylist before making your appointment.

Flea Treatment

Please do not apply flea treatment to your pet 24 hours BEFORE or AFTER they are groomed. This ensures that your flea treatment will not be washed off and will be fully effective.

Matting

Removal of heavy matted coat includes risks of nicks, cuts and/or abrasions due to growths, warts, moles, unseen injuries or skin folds trapped in the mats and in some cases behaviour changes. Heavily matted coats can also hide unseen skin irritations that exist prior to the grooming session. We will suggest shaving to remove heavy matting opposed to brush outs. We reserve the right to refuse to brush-out of heavily matted pets for their safety and comfort. After-effects of mat removal from shaving or brush-outs can include itchiness, skin irritations/redness, abrasions and/or failure of new hair growth. Shaved clients are more susceptible to sunburn and care should be taken if pets are outdoors. Port Kennedy Vet Hospital will not be held liable for any adverse reactions due to mat removal.

The Grooming Procedure

We understand that there are many styling options available for your pet based on their lifestyle and your wishes. Our professional dog grooming staff have the knowledge to help you choose the styling options best suited to the breed of your dog and the condition of its coat.

Pre-clip

This process prepares the coat for the bath and finish clip. It generally includes the following:

- Nail trim
- Foot/pad trim
- Anal glands expressed
- Sanitary area dipping

Bath

We have many high quality shampoo options for your pet's skin and coat. We use our skills to match a shampoo to your pet's needs, so please advise us if your pet has any skin issues we need to be aware of.

Blow-dry

We use a combination of kennel- and handheld dryers to fluff dry your pet to prepare the coat for the finish style.

Finish Clip

Now that the coat has been thoroughly cleaned we can style your pet according to your request.

Puppies and Dogs New to Grooming

If it is your first time getting your dog groomed, we recommend bringing them in for a couple basic tidy up's to introduce them to the grooming procedure. The process for dipping is long and can overwhelm an inexperienced dog and traumatise them for future grooms. Please speak to one of our knowledgeable staff and they can help decide what is best for your pet.

Simple Full Groom

Full groom includes full dip all over, scissoring of the feet, sanitary trim, bath, blow-dry, nails and cologne.

Scissoring

Body clip, scissor legs/face, scissor under pads, sanitary trim, bath, blow-dry, nails. NOTE: This groom takes more time than a normal groom so please book this type of groom early in the day.

Tidy Up/Puppy Trim

Tidy up includes bath, blow dry, face, feet & tail, sanitary trim, nails and cologne.

Colouring

We are now offering fur colouring. For more information please ask our professional stylists.

Accessories & Bling

Do you want to pretty up your pet for a special occasion? We have a range of eye-catching accessories and bling to create a cute and beautiful or classical look for your pet. For more information please call and speak to one of our professional stylists.

Nails Polish

We have added a new selection of doggy nail polish to our salon. For more information please ask one of our professional stylists.
